Steve,

The tapes are for different Exchange servers so it will not consistently be x number of mailboxes. I imagine there will be about 40 mailboxes (some will have more and some will have less)

Hi Bruce,

I am putting together pricing for the 24 tapes we received yesterday.

In that regard, separate from the EDB deliverable we discussed on Tuesday, please advise how many custodian mailbox .pst's you are interested in having TDS extract.

Thanks,

Steve
